

Call for papers: special issue of AAEECC dedicated to the 28th International Conference on Applications of Computer Algebra

We kindly invite all participants to ACA 2023 to submit a paper to the special issue of the Journal Applicable Algebra in Engineering, Communication and Computing (AAEECC) dedicated to ACA 2023.

The special issue will be dedicated to selected refereed papers presented at the ACA 2023 conference within one of the following sessions:

- S1. Computer Algebra in Education
- S2. Computer Algebra Modeling in Science and Engineering
- S3. D-Finite Functions and Beyond: Algorithms, Combinatorics, and Arithmetic
- S4. Computer Algebra Systems and Interval Methods
- S6. Computer Algebra Applications in the Life Sciences
- S7. Computational Differential and Difference Algebra and its Applications
- S8. Algebraic Geometry from an Algorithmic Point of View
- S9. Effective ideal theory and combinatorial techniques in commutative and non commutative rings and their applications
- S10. Algebraic and Algorithmic Aspects of Differential and Integral Operators

Important dates

-Submission deadline: December 31, 2023

-Author notification: May 31, 2024

-Revisions due: June 30, 2024

-Publication in AAEECC:

--Online : 2024

--Hardcopy: early 2025

Submission Guidelines

All papers must be original and not simultaneously submitted to another journal or conference.

Please submit all papers as .pdf attachments to mboard.aaecc@gmail.com, using the LaTeX template available here:

<https://www.springer.com/journal/200/submission-guidelines#:~:text=Springer%20Nature%20LaTeX%20template>

Please use the subject line "Submission for SI_AH".
